Quality Policy

Wilton Waste Recycling Ltd provides high quality waste management services for the commercial, domestic and construction/demolition sectors. The organisation recognises its responsibilities to its stakeholders including staff, shareholders, customers and the general public and is committed to meeting or exceeding the quality standards and continual improvement of the facility. To this end, Wilton Waste Recycling Ltd will implement and maintain a documented Quality Management System which conforms to ISO 9001:2015 and we are committed to achieving highest level of performance in line with our customer requirements.

The Management Team will show leadership and commitment, and bear the responsibility for establishing, implementing, integrating and maintaining the Quality Management System.

The organisation's objectives include the following:

- To provide a high-quality waste service to customers and increasing customer satisfaction;
- Ensure that its policies are communicated both internally and externally (customers, contractors and main suppliers) as appropriate;
- Commitment to continual improvement in its business performance;
- Using the input of staff, customers, shareholders, government, local authorities, interested third parties and the general public for continual improvement;
- Processing of 'product' in a safe environment to customer specifications and requirements;
- Ensuring every employee is trained to perform the duties required by their specific role;
- Understanding the requirements of our Customers and providing Customer satisfaction.

Wilton Waste Recycling Ltd operates a Quality Management System structured in accordance with the requirements of ISO 9001:2015 with the additional criteria of EU End-of-Waste as stipulated in the Council Regulations (EU) No 333/2011 of 31st March 2011, establishing criteria determining when certain types of scrap metals cease to be waste under Directive 2008/98/EC. These systems will be used to ensure the quality management is given the attention and resources that it deserves. We will use our quality management system to continually improve our performance. We will review the Quality Policy and related documentation at a minimum on a yearly basis.
